

CHECKLIST

TOP 10 STEPS

**How To Keep Your
WordPress Website
Well Maintained**

- 1) Keep WordPress core, themes, and plugins up-to-date:** Regularly update your WordPress core, themes, and plugins to ensure that your website is using the latest versions with security patches, bug fixes, and new features.
- 2) Use strong passwords:** Use strong and unique passwords for your WordPress admin and database access to prevent unauthorized access.
- 3) Install security plugins:** Install security plugins, such as Wordfence or Sucuri, to monitor your website for security threats and block malicious traffic.
- 4) Backup your website:** Regularly backup your website to protect against data loss in case of a hack or technical issue.
- 5) Optimize website performance:** Optimize website performance by using caching plugins, compressing images, and optimizing your database.

- 6) **Delete unused plugins and themes:** Remove any unused plugins and themes to reduce the risk of security vulnerabilities.
- 7) **Use a reliable hosting provider:** Choose a reliable hosting provider that offers regular backups, security measures, and support.
- 8) **Secure your login page:** Use a security plugin or two-factor authentication to secure your WordPress login page.
- 9) **Monitor your website for issues:** Regularly monitor your website for issues such as broken links, 404 errors, and plugin conflicts.
- 10) **Keep your content fresh:** Regularly update your content, such as adding new blog posts or updating products, to keep your website fresh and engaging for visitors.

Too many points to consider? Too overwhelming?
We understand. These 10 steps were just the
basics. There so much more to consider.

But don't worry. That's what we are here for.

As experienced WordPress experts, we can help
you with your WordPress website maintenance.

This will give you the opportunity to concentrate
on your core business, while we take care of your
website maintenance and security.

Do you have any questions or need some more
information to our maintenance plans?

Feel free to contact us. We are happy to help!
